9TH INTERNATIONAL FORUM ON ARCHITECTURE AND CONSTRUCTION IN WOOD

•HIRE YOUR STAND FOR THE CONGRESS

EXPOSSIBLE!

Why exhibit in Egurtek?

More than 1.200 delegates, speakers and organizations visited the exhibiting area in 2018

There will be scheduled guided tours, Forum coffee-breaks, technical conferences and networking, a demonstration area, free distribution of the structural timber computing calculation tool Software and exhibition of all the participant panels of all four EGURTEK award categories.

*EGURTEK 2020 was held online, so it did not have an exhibition area

Profile of the attending delegate:

Architects and Engineers, Construction Technicians, Timber Industry, Engineering Firms, Construction Companies, Municipal Councils and Public Bodies, Universities and Research Centres.

Sectors in the exhibiting area:

- Timber structures
- Timber houses
- Building materials in wood (floors, windows and canopies)
- Timber for construction (industry)
- Sustainable construction – bioconstruction
- Timber importers
- Sawmills
- Architectural, engineering and decoration firms
- Framework software
- Treatments for wood
- Machinery for the 2nd transformation of the wood
- Technical journals
- Federations, associations and institutions
- Timber construction materials (fasteners, fittings, insulations...)
